

Whip Stitch

Step 1: Hide knot between layers and pull thread to the top

Step 2: Bring needle to bottom and go back through to the top in same spot as 1st stitch

Step 3: Go back through the same stitch again and bring the needle through the top 1/4" from 1st stitch

Step 4: Insert needle directly below last stitch and bring the needle through the top 1/4" from 1st stitch
